ODESSA OBJECTS TO MARTIAL RULE

It Has Almost Ruined the En-
tire City and People.

A Number of Jews Arrested For Rus-
sian Revolts—Baltic Sea May
Be Closed.

TO NEARLY ALL FOREIGN SHIPS

Martial Law Oppressive.

St. Petersburg, July 29.—A depu-
tation of citizens from Odessa ar-
rived here to implore the government
to relieve the city from the burden
of martial law, which has been en-
forced ever since the recent riots and
mutiny there. The citizens declare
the military regime is hindering the
commerce of the city, and resulted in
a reign of indescribable terror. Work-
men are reduced to a condition of
poverty, tradesmen have suffered ma-
terial losses, while the grain trade is
almost ruined. It is said the govern-
ment will give a favorable answer to
the petition.

Jewish Leaders Arrested.

Warsaw, July 29.—Ten leaders of
the Jewish Bund have been arrested
charged with planning the insurrec-
tionary movement which has been re-
sponsible for so many disturbances.

To Cut Down Expenses.

St. Petersburg, July 29.—Orders
have been issued to all ministers to
supervise the readjusting of accounts
for their departments, with a view
to cutting down expenses. All the
surplus found will be placed at the
disposal of the finance department,
which has urgent need of money.

Want Monroe Doctrine of Their Own.

London, July 29.—Englishmen are
manifesting considerable alarm over
the agitation in Germany urging the
Kaiser to take the initiative in the
issuance of a proclamation similar to
the Monroe doctrine affecting the
Baltic Sea and barring all warships
from the Baltic except those of Ger-
many, Russia, Denmark and Sweden.

May Be Amused.

New York, July 29.—Mr. Sato, the
spokesman for the Japanese peace
envoys, expressed the opinion that
an armistice will be agreed upon af-
ter the commissions enter formally
upon their work.

Regarding the report that China in-
tended asking an indemnity, Sato
said: "China could not ask an in-
demnities of Japan. It was her in-
ability or unwillingness to keep Russia
out of Manchuria that forced us into
the war."

THROUGH BRIDGE

Went a Santa Fe Train Near Fort
Worth, Texas.

Fort Worth, Tex., July 29.—A San-
ta Fe freight train went through a
bridge near Sillsbee.

Brakeman Wood was caught un-
der the wreckage and killed. Brak-
man Price was fatally injured and
two unidentified men were badly
hurt.

The engine jumped the track and
plunged through the bridge, seven
cars piling on top of it.

neighbors will name it for thee.

Kentucky is Ready to Welcome Yellow Fever Refugees From South

Louisville, Ky., July 29.—Ken-
tucky will open her doors to all refu-
gees from the yellow fever district
should it become necessary for them
to seek other homes during the scare
in New Orleans and other southern
cities. This hospitality will be ex-
tended to all who desire to seek a
haven in Kentucky, and the only
proviso is that they obey the man-
dates of the state board of health and
do what is in their power to prevent
the disease from being brought to
Kentucky.

At a meeting of the executive com-
mittee of the state board of health
Thursday, a communication was re-
ceived from the health authorities
of New Orleans in which the exact sit-

uation was laid before the board.
The situation in New Orleans, ac-
cording to the communication, is
worse than reported. The executive
committee met for the sole purpose
of taking steps towards protecting
this state, and after a thorough dis-
cussion of the question decided to
admit refugees provided all the
health regulations were complied
with.

When the meeting adjourned the
passenger departments of the Louis-
ville and Nashville, Illinois Central
and Southern railroads were notified
that the sanitary laws of the state
respecting railway cars must be
strictly obeyed and if they were, they
had no fear of yellow fever in this
state.

HOLLA UNDER WATER.

Gasconade Still Rising—Much Dam-
age Done.

Rolla, Mo., July 29.—The Gascon-
ade river has risen 25 feet and is still
rising. The level streets of Rolla are
under water to a depth of two inches
and a heavy rain last night threatens
to swell the river to such proportions
that the entire surrounding country
will be inundated.

The storm put the Rolla electric
light plant out of business and crops
have been beaten down and barns
destroyed by lightning. The Marks
des Cygnes river has leaped up 20
feet, flooding farm lands, and all
small streams near here are reported
out of their banks.

It is reported that at Butler last
night, two schoolhouses, a half dozen
barns and many haystacks were ig-
nited by lightning.

MORE NEW CASES

MAYOR OF NEW ORLEANS SAYS
QUARANTINE WORSE THAN
FEVER.

Several New Cases Reported, But
No Deaths—Jackson, Miss.,
Quarantines.

New Orleans, July 29.—Several
new cases of yellow fever are re-
ported today. There are no deaths.
No trains are now allowed to carry
passengers through Texas from New
Orleans.

Quarantine, N. Y., July 29.—The
Panama railroad steamer Zguruen
arrived this morning from Colon with
several of the crew sick. At Colon
four of the crew were landed, sent to
a hospital and the surgeons at Colon
pronounced all of them suffering
from yellow fever.

New Orleans, July 29.—Mayor
Bergmann today gave out the follow-
ing: "New Orleans is suffering more
from the rigid quarantine than from
yellow fever, of which the citizens
have the fullest control. The situa-
tion is thoroughly in hand and we
believe we will soon convince the
outside world by working on the
mosquito theory that yellow fever
has been entirely robbed of all its
perils. The shotgun quarantine will
be abandoned very soon."

Yesterday's Report.

New Orleans, July 29.—The fol-
lowing report is on the yellow fever
situation up to 6 p. m. yesterday.

New cases, 21.
Total cases to date, 227.
Deaths today, 3.
Deaths to date, 47.
New febrile, 8.
Total febrile, 35.

Of the deaths today, one occurred
at the Emergency hospital, and was
one of the cases transferred there
yesterday. That institution now has
sixteen cases under treatment and
today discharged its first patient as
cured.

The Marine Hospital service ran
up against a surprise at the town of
Wheeland, where it was proposed to
establish the detention camp for the
Louisville and Nashville railroad.
That town is on the Mississippi coast,
adjoining Bay St. Louis, and both
had been clamorous for the open
door, and Surgeon White having se-
cured permission from Dr. Hunter
to establish the camp there, made all
his arrangements and sent a train
over this morning with the staff and
equipment.

SUSPECT IS CAUGHT HIDING IN PADUCAH

Jim Smith is Believed to Be
Wanted in Mississippi.

John Davis, of Mississippi, Says He
Saw Smith Kill Tom Hardin in
April.

HE SAYS HE IS THE WRONG MAN

Jim Smith, colored, alias "Jabbo"
was arrested this morning by Officers
Ferguson and Wood on the South
Side on suspicion of being wanted in
Lambert, Miss., for the murder of
Tommy Hardin, colored, last April.
The catch was made with the aid of
a negro who had followed Smith to
Paducah.

This morning John Davis, who re-
sides in Mississippi, went to Officers
Ferguson and Wood and informed
them that he knew where they could
arrest a murderer wanted in Lam-
bert, Miss. He recited the facts of
the killing, stating that he was an
eye witness. He said that the kill-
ing was done with a pistol and that
death was instantaneous. Smith es-
caped, but he followed him and at
Paducah found him.

Smith was working at a gravel pit
and the officers had him pointed out
by Davis and immediately arrested him.

The prisoner seems to be a pretty
wise sort of negro, refusing to talk
about the affair, alleging that it is a
case of mistaken identity. A report-
er visited him in the city jail this
morning and the prisoner stated he
lived in Fort Worth, Tex., but had
been in Chicago and came to Paducah
from that city. He declared he had
not been in Lambert (that he knew of,
but admitted to having been in
Mississippi. He stated further
that he had seen no one and knew
nothing about the allegation of Davis.

Chief Collins telegraphed to Lam-
bert this morning apprising the au-
thorities of Smith's capture and will
await the answer authorizing what
disposition will be made of the pris-
oner.

Smith was arrested while he was
having his shoes shined. Davis hap-
pened upon him while the former
was working in a gravel pit. The
trouble which resulted in the shoot-
ing started over ten cents in a crap
game. The bull fired entered Har-
din's chest and went on through.
Once in Mississippi Smith was sur-
rounded, but managed to escape in a
cane brake.

Davis had come to Paducah to se-
cure work after the trouble, and stated
while he was not following Smith
for the purpose of causing his arrest
did not think it right to let him go
at liberty.

HE HAD FAITH.

Hoch Says He Knew He Wasn't to
Be Hanged.

Chicago, July 29.—Johann Hoch
said today that he never felt that he
was about to die. "I knew and my
maker knew, I was innocent," he
said, "and I put all my trust in God.
It was impossible for them to execute
me." Hoch is earnest and emphatic
in his assertions that he has faith in
God because of his innocence.

Twenty Left Dead.

Bolgrade, July 29.—Another con-
flict between Serbian and Bulgarian
bands occurred at Prilop, Macedonia,
and the Bulgarians were defeated.
They fled leaving twenty dead.

WILL BE COMPLETE

Says the State Administration of
Auditor's Agents Investigation.

Frankfort, Ky., July 29.—State
Auditor Hager has placed all suits
which have been instituted by for-
mer Revenue Agent A. M. Harrison,
of Lexington, and not yet prosecuted
to judgment, in the hands of State
Inspector Henry B. Hines, and that
official will look after them while en-
gaged in the general investigation he
is making of the work of all revenue
agents in the state. The inspector
will be present in court to look af-
ter the interests of the commonwealth
when the cases are called, and coun-
ty judges will be asked to notify him
of suits instituted by Harrison, or
in his name, which are pending, and
of which the department here may
have no record.

MR. W. B. SMITH HERE

FORMER PRESIDENT OF HOME
PURCHASING COMPANY
DROPS IN.

Declined to Talk About the Compa-
ny—Was Here On Other Busi-
ness, It Seems.

W. B. Smith, of Louisville, for-
merly in the Globe Bank in Paducah,
was in the city last night and morn-
ing today, but he did not linger,
and positively declined to make any
statement to a reporter about the
Home Purchasing company, whose
troubles began a short time ago, and
have not near ended. Mr. Smith is
credited with being one of the prin-
cipal owners and originators of the
concern.

Mr. Smith, it is understood, came
here in connection with his interest
in the Cannelton Coal company,
which is in Eastern Kentucky not far
from Jackson, Breathitt county. He
recently resigned as president of the
Western National bank, at Louis-
ville.

He stated today that he would
leave Kentucky for California about
August 1st for the benefit of his
wife's health, and probably remain
a month. Mr. Smith is alleged to
have gone to Col. J. S. Bordeaux's
home on West Jefferson street last
night after his arrival, giving rise
to the report that Bordeaux is hiding
in Paducah, and probably has never
been away. He has been missing
since the collapse of the Home Pur-
chasing affair, however.

THE WEEK'S NEWS IN THE COMMERCIAL WORLD

Clearings this week \$539,963

Same week last year 642,362

Reports from local wholesalers are
of very satisfactory business, and
promises for the future. Some manu-
facturers report orders a little slow
in coming in but general conditions
good.

Dan's Weekly Report.

New York, July 29.—Dan's weekly
report of trade and business condi-
tions says:

Commercial tendencies are still in
direction of improvement, although
is hampered by some inflation of
prices for raw materials of textile
and footwear industries.

Confidence expands as crops are
secured, each day putting a large
quantity of grain beyond danger and
making sensational rumors of loss
less effective.

The weather conditions have been
favorable for retail distribution, re-
duced stocks in hands of dealers be-
ing reflected in enlarged wholesale
and jobbing demands.

The industrial situation is in strik-
ing contrast to conditions prevailing
a year ago, when there was much
idleness both on account of the quiet
trade and labor controversy. Com-
plete returns now available indicate
that the first half of 1905 made a
better comparison with the corre-
sponding months of last year than
even the most sanguine estimate
which naturally increases the opti-
mism regarding business during the
second half.

The traffic interest begins to feel
the pressure of crops, but the failures
have proved ample thus far, and rail-
way earnings in July 9 per cent
larger than during the same time last
year. Resumption of work at sever-
al steel plants testifies to brevity of
midsummer period of dullness. Fail-
ures this week 214 in United States
against 220 last year.

ARGUMENTS HEARD IN THE EVITTS CASE

One More Speech to Be Made
Monday Before Judge Reed.

A Decision Is Expected Then—First
Block of Hick Street
Finished.

A FEW OTHER CITY NOTES

Arguments were today heard in
the motion to dissolve the restraining
order preventing the board of alder-
men from hearing the evidence in the
charges brought against City
Jailer T. J. Evitts, and Judge Reed
will probably render a decision Mon-
day morning in circuit court.

The speeches were not finished to-
day. Attorneys Hal Corbett, John
K. Hendrick and Wheeler Campbell
spoke today, the first named in fa-
vor of dissolving the order, and the
other two for keeping it in effect and
preventing the hearing of the evi-
dence.

Attorney W. F. Bradshaw will
speak Monday morning at 9 o'clock,
and it will end the argument, and
possibly the case, as Judge Reed is
then expected to render his opinion.

If he decides that the aldermen
have a right to hear the evidence a
called meeting of the aldermen will
probably be at once held in order to
finish the case.

The mayor and city solicitor have
not yet decided on when to hold that
conference regarding the telephone
franchise the city wants the East
Tennessee Telephone company to
purchase. The fact is, the city offi-
cials seem to know very little about
the question, and do not understand
that the telephone company operates
under a legislative grant similar to
that of telegraph lines and such
things, and the city is merely wast-
ing its time. The Gas company here
has a similar grant, but pays a fran-
chise tax simply because it is small
and keeps down agitation. The city
has been claiming the telephone com-
pany had no right to do business
here without a franchise, because
there was no conciliatory record of
anything giving the company the
right, but the company has a grant
from the state which is perpetual,
and attorneys claim will enable it to
do business here as long as it wants
to without getting a franchise. The
company, it will be recalled offered
to buy a franchise a few months ago,
and part of the \$3,600 accepted by
the city as a compromise was to be
in payment for it, but the legislative
boards made the terms of the fran-
chise so no company would want to
operate under it, and the company
refused to bid on it. The conference
now to be held is to decide what to
do about it.

A number of slight alterations at
Riverside hospital will be recom-
mended by the directors to the mu-
nicipal boards at their next meeting.
In order that the money necessary to
make the changes may be appropri-
ated. Pavements leading to the hos-
pital and concrete walks around it
will probably be recommended,
among other things.

The first block of brick street on
South Third under the Bridges con-
tract has been completed, and was
yesterday afternoon rolled. The
block finished is between Kentucky
and Washington. Good progress is
being made on the other blocks.

It is estimated that about 450
street signs will be necessary to post
the names of streets in the sewer dis-
trict, and bids will be asked in a few
days.

A meeting of the committee that
is to inspect sites for the Methodist
college will hold a meeting in Hon.
Charles K. Wheeler's office in the
Fraternity building this afternoon
at 4 o'clock to consider what steps
to take to get options on desirable
sites.

The Shah of Persia is ill.
Paris, July 29.—The Shah of Per-
sia, who is visiting in Paris, is in-
disposed again this morning and un-
able to leave his rooms. Early in the
week the shah was overcome by heat
while making a tour of the large
stores and had to be carried to his
apartments.

H. HERNSTEIN.

Well Known Citizen of Cairo, Ill., Is
Dead.

Cairo, Ill., July 29.—Henry Bern-
stein, aged 50 years, one of the best
known residents of this city, died yes-
terday afternoon, after having been
ill for over a year.

The deceased came to this country
from East Prussia, German, when he
was but nine years of age. Since his
arrival in America he has resided in
Staunton, and Murphysboro, Ill. He
was also in business in East St. Lou-
is for some time prior to his removal
to this city. He came to Cairo over
twenty years ago.

He leaves a wife, Mrs. Mary Bern-
stein, whom he married in Murphys-
boro twenty-five years ago, an uncle
in Murphysboro, and a cousin, Sol
Hammer, of St. Louis. Also a step-
father and half brother in Europe.

KILLED FOR \$5,000

HORRIBLE CRIME OF DETROIT
ROBBERS LAST EVENING.

Pawnbroker Found Dying in His Of-
fice—Money and Jewels Worth
\$5,000 Taken.

Detroit, Mich., July 29.—Joseph
Moyer, a pawnbroker, was attacked
last evening and killed by thieves,
who caught him alone in his office.
The thieves got away with about \$1-
600 in money and probably several
thousand dollars worth of diamonds.
They left Moyer unconscious in his
place of business with his head terri-
bly crushed and battered and with
diamonds and jewelry scattered all
around over the floor.

Moyer died at a hospital without
having recovered consciousness. The
tragedy was discovered by passersby
who noticed the disordered condition
of the display windows. Moyer was
found lying on the floor of his pri-
vate office gasping in the throes of
death. The room was spattered
with blood.

The thieves had gained access to
the cash drawer by taking the keys
from the victim's pockets. It is esti-
mated that the plunder will vary
from \$1,600 to \$5,000. Several sus-
pects have been arrested.

Burglar Killed in Chicago.

Chicago, July 29.—A burglar was
shot by Ed Carlson, a saloon keeper,
early this morning while robbing
Carlson. He died later and a second
burglar escaped.

Interesting Facts About the Approaching Encampment Here

Official orders governing the move-
ment of troops composing the Ken-
tucky State Guard to the annual en-
campment to be held in Paducah,
August 6 to September 2, have been
issued from Adj. Gen. Percy Haly's
office, says the Courier-Journal. Full
information concerning the officers
in command, the construction and ar-
rangement of troops in camp, the
rules under which they will be gov-
erned and the itinerary of travel,
have been published. The signa-
l corps will be in camp during the en-
tire thirty days and will have charge
of the construction and "breaking" of
camp.

The Second regiment, composed of
companies from Cynthiana, Frank-
fort, Winchester, Lexington, Danville,
Lawrenceburg, Pineville and Bar-
bourville, will be in camp from Au-
gust 6 to August 14.

The First Infantry, composed of
the nine Louisville companies, the
hospital corps and Hardtown cadets
and the Third regiment band, of Ow-
ensboro, will be in camp from Au-
gust 16 to August 24.

The Third Infantry, composed of
troops from Bowling Green, Madison-
ville, Earlington, Central City, Ow-
ensboro, Henderson, Hopkinsville
and Mayfield, will follow the First
regiment, remaining until Septem-
ber 2.

The First regiment will leave Lou-
isville at 10 o'clock on the morning
of August 16. The troops will ar-
rive in camp at 5 o'clock the next
morning and active work will be be-
gun in the school of the soldier.
The troops will depart from camp at
10 o'clock on the night of August 24,
arriving in Louisville the next morn-
ing.

STABBED TO DEATH IN RAILROAD CAMP

Negro Men Fought Near Cairo
Because Wives Did.

Frank Whitehead Had Throat Cut
and Died to Death in a
Few Moments.

AND THE MURDERER ESCAPED

Cairo, Ill., July 29.—Frank White-
head, colored, was stabbed and killed
in a fight with Joe Thomas, also col-
ored, in Future City at 10 o'clock
last night, as a result of an encoun-
ter the wives of the two men had en-
gaged in earlier in the evening.

The tragedy was enacted in the
camp of the Halliburton construction
company, above the bridge. White-
head and Thomas were both employ-
ed on the bridge fill job, having come
here recently from Mississippi with
the contractors.

Shortly after supper the two wo-
men became engaged in a fight over
the possession of a box, used as a
seat at a card game, in front of one
of the tents. Thomas' wife, who is
known as Laura Mason, got the bet-
ter of the encounter, inflicting a
slight gash on the other's face with a
small knife.

The two women were separated
and returned to their respective tents
where they told their husbands of the
trouble. It seems as if each armed
himself and started after the other.
They met a few hours later and
words which soon led to blows were
engaged in.

While the men were clinched each
armed with a knife, Thomas stuck his
weapon in the other's neck, com-
pletely severing the carotid artery
and the jugular vein. Whitehead
dropped to the ground and bled to
death in a moment.

Before the authorities could be
notified Thomas and the woman,
called Mason, had packed their be-
longings and had made their escape.

Milkmen to Strike.

Marysville, O., July 29.—All the
milk dealers here will go on a strike
tonight and declare they will not fur-
nish milk to their patrons because
of the stringent restrictions of the
board of health. The board wants
all cows examined for tuberculosis,
and the dealers refuse to concur in
this expense.

Princeton July 29.—The Indians and Indians yesterday contributed another one to the already long list of extra inning games played this season when they laugled for eighteen long ones, at the end of which time the Indians managed to chase four men over the plate and put the quietus on the hopes of the local fans that they might win.

Just two pitchers were all that engaged in the affair. South for the Indians, and Carnes for the Indians. Both men were in elegant shape and neither weakened for an instant until the final inning when Carnes let down a trifle and the winning run came home. South allowed thirteen hits, but they were so scattered that the locals never had a chance to score. Twelve was all the Indians could get off Carnes and they, too, had no chance to cross the pan until the inning which wound up the game. Two errors and three hits were what combined to bring in the four tally in the eighteenth.

In the eighteenth inning, Lloyd got a clean three-bagger with none out. South purposely walked Meyers and caught him stealing second. Then he walked Bell and McNamara, filling the bases. Then came forced outs on infield hits, saving the game. The trick was a great piece of head work for Weidman South, assisted by Captain Gilligan.

In the seventeenth inning, Lloyd first up, struck out, but Barlow missed the third strike and Lloyd got to first. Land singled and Lloyd went to second. South hit to Bell, who passed the ball to Kipp to cut off Lloyd at third. But Kipp missed the ball and the bases were full. Gilligan knocked a two-bagger, scoring Lloyd and Land, and McClain singled scoring South and Gilligan.

Perry's one-hand catch of a line drive was a feature. Meyers had twenty-eight put-outs at first base.

Barlow struck out eleven and South ten.

The time of the game was three hours and fifteen minutes. Owing to an injury to Downing the backstop work was done by Bob by Barlow, formerly with Paducah, and he was a surprise behind the bat.

Paducah made her four runs in the eighteenth.

A FOOLISH PLAN

It's a joy to eat—I welcome my dinner hour; Because I rout indigestion with August Flower!
Constipation is the result of indigestion, biliousness, flatulency, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.
"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in "letting nature take its course."
What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.
August Flower gives new life to the liver and insures healthy stools.

ball yesterday, Cairo easily, excelling in the error column where not half of those made are shown.

The game was, and not in a figurative sense either, one for blood. Matteson having his finger split early in the game and having to retire from behind the bat, and Gerard and Wilkinson both being rendered unconscious by being hit in the head with a pitched ball.

Cairo had thirteen men left on bases during the game, the lunch seeming to be exceedingly slow covering ground from one sack to another and not being able to register, and the best men on the team were the most prone to make errors. Marre, Roland and Collins, each having several to their credit, some of which do not show in the error column.

Both hitters put up a good game, Perdure being most effective when men were on bases. Lane allowed ten hits, four of which should, by all that is good, have been cleanly fielded.

Evansville and Terre Haute, the old time rivals, will play in the former city Sunday afternoon. Big Asher has joined the Terre Haute team and there is a fine chance for the four Kitty longhairs, Asher, Long, Brady and Morris, to be in the game. It seems that the Citizen man has simply run into a lot of the Jugs Farabaker dope.—Henderson Gleaner.

Southern Schedule Changed.
Atlanta, Ga., July 29.—President Kavanaugh, of the Southern Baseball league, has been in the city for several days in regard to making a change in the schedule of New Orleans and Shreveport, owing to the presence of yellow fever in Louisiana. After going over the matter thoroughly it was decided that it would be impracticable for either the Shreve-

port or the New Orleans team to return home.

ATTO GOT AWAY.

It hit in High Places and Finally Was Conquered in the Woods.

A good joke is being told on two prominent men who went to Wallace park a few nights ago in their autos to attend the dance. They reached the roadside where they intended to leave the auto, but the machine did not show up. The one who was acting as chauffeur became "rattled," and instead of slowing down, in his desperation did something to make it go faster.

His companion began seeing visions of the hereafter and took a back flip towards the rear. The other man saw that it was no use to fluger, so he also jumped out. The machine kept on.

They saw it dash forward in the moonlight when freed of its load and it roared, swayed, jumped and zig-zagged about seemingly intent on hitting only in high places. It seemed to miss the trees with almost human instinct and accuracy, but finally crashed into a telephone post, and the shock must have shut off the power, for it stopped little the worse for its experience.

MAY BE FATAL.

Mr. J. M. Ray badly injured at Ingleside, Ballard County.
Mr. J. M. Ray, a well known resident of Ingleside, Ballard county, and agent there for the Cumberland Telephone company, was seriously if not fatally hurt in a runaway yesterday afternoon.

He started from home to the store in his buggy with two boys, driving a two-year-old, which became frightened and suddenly jumped, throwing out the boy who was driving and running away. Mr. Ray was the last to get out, and he was thrown violently on his head and shoulders, and picked up unconscious.

This afternoon he was still unconscious and his recovery was considered doubtful. He is a popular man and has many friends in Paducah.

WISHING.

(Ella Wheeler Wilcox.)

Do you wish the world were better?
Let me tell you what to do:
Set a watch upon your actions,
Keep them always straight and true,
Bid your mind of selfish motives,
Let your thoughts be clean and high,
You can make a little Eden
Of the sphere you occupy.

Do you wish the world were wiser?
Well, suppose you make a start
By accumulating wisdom
In the scrap book of your heart.
Do not waste one page on folly,
Live to learn and learn to live,
If you want to give men knowledge,
You must get it ere you give.

Do you wish the world were happier?
Then remember day by day
Just to scatter seeds of kindness
As you pass along the way:
For the pleasure of the many
May be oftentimes traced to one,
As the hand that plants an acorn
Shelters armies from the sun.

Trolley Ride, Banquet and Dance.
A banquet and dance were given in Paducah last evening by Mr. Russell Gardner, of St. Louis, for his two sons and two daughters, in honor of party of guests who have been at Tennessee River on Mr. Russell's fine pleasure boat, Annie Russell.

The boat arrived yesterday, and the party numbered eighteen. There was a trolley ride at 5 p. m. Deal's band furnishing the music, and early in the evening it was followed by a banquet at Hotel Lagomarsino. It was a very swell affair, the decorations being by Brunson and the music by Deal's orchestra, and the dinner was in seven courses. All those present were St. Louis people who were guests of Mr. Gardner's family on the boat. Mr. Gardner met the party at Johnsonville, Tenn., and came on to Paducah with them.

The banquet was followed by a dance on the boat, to which a number of Paducahians were invited. The following Paducahians were present: Misses Lillie Mae Winstead, Corinne Winstead, Mary Lou Roberts, Messrs. John Trent, Fred Wade, Calhoun Riecke, Grover Jackson, Walter Iverson, Henry Roberts, Vaughan Scott. Mr. Gardner is well known here, and has one of the finest steel hull pleasure boats on the Mississippi river. He is the buggy manufacturer who for a time intended to establish a branch factory in Paducah, and is

very wealthy.

Former Paducahan to Marry.

Announcement has been received here of the marriage of Dr. Hertram Bernheim, of this city, and Miss Hilda Marcus, of Baltimore, Md. The wedding took place on last Wednesday evening at 6 o'clock at the country home of the bride's father, William Marcus, of Pikeville, near Baltimore. Dr. and Mrs. Bernheim will sail on August 3 for Europe, where Dr. Bernheim will continue his study of medicine. Dr. Bernheim is a graduate of Johns Hopkins University. The young man is a son of Mr. Ike Bernheim, for many years a resident of Paducah, and was when a boy a resident of Paducah. He has a number of relatives here.

Surprise Wedding Announced.

Mr. Otto Fowler, cashier of the Citizens' bank of Kuttawa, and Miss Elizabeth Coffman, a well known and popular young lady of Madisonville, Ky., were married in Sloughville, Ky., on the 25th. The announcement will come as a surprise because the wedding was a quiet one and had been kept a secret.

Mr. Fowler is well known in Paducah, often visiting in this city.

Dance at Wallace Park.

Mr. Robert Wallace and Miss Frances Wallace entertained with a dance Tuesday evening at Wallace park pavilion, in compliment to their guests, Miss Jessie Wisdom, of New Orleans, and Miss Elizabeth Hendrix, of Lexington, Ky.

A Launch Party.

A crowd of young people made a pleasure trip to Paducah on the launch Spencer. The trip was made merely for the party to view Paducah.

The party will be taken to Rockport on the steamer Gazelle and barge. A string band will furnish music. The invitations have not been issued. Owensboro Messenger.

Miss Luckner Receives.

A most delightful gathering in the younger set was the reception given Friday evening by Miss Garret Luckner, complimentary to Miss Hertha Shelley, of Dallas, Tex., the guest of Mrs. Victor Voris.

The interior of the spacious Luckner home on Jefferson street was beautifully done in Japanese decorations, this artistic idea being effectively carried out.

The girls in the receiving party wearing pink frocks, wore a bunch of buds.

Miss Mary Cave, in Japanese costume, served punch in the cosy corner, this also being in Japanese adornment. About sixty guests called during the evening.

Refreshments were daintily served. Those receiving with this charming young hostess were: Misses Shelley, Henri Alcott, Mary Cave, Elizabeth Boswell, Rosebud Hughes, Lillie Hobson, Messrs. Sam Hughes, John Orme, Milton Wallerstein, Guy

The pleasure boats "Moonbeam" and "Sweetheart," of Owensboro, Ky., arrived yesterday afternoon from a cruise up Tennessee river, having been gone two or three weeks. The yachts are among handsomest ever seen here, and made the long trip of 500 miles or more without an accident. In the party were: Dr. W. H. Armendt and Dr. Hugh Kimbley, owners of the boats; Mr. W. E. McDonald, Mr. Gamble Stewart, Mr. Milton Gant, Mr. Morton Radford, Mr. Charles Kimbley, Mr. L. A. Weldon, Mr. Peter Hugger and Mr. J. L. Hickman.

A Handsome Wedding.

One of the pretty weddings of the week and of interest here, was that of Mr. James Ewing Rankin, Jr., and Miss Marianna Soaper Sneed, which was solemnized at the home of the bride on Wednesday morning in Henderson.

The wedding was a very quiet one only the intimate friends of the young couple being present. Mr. Rankin and his bride left after the ceremony for the east, where they will spend several weeks.

They are well known in Paducah.

Dr. and Mrs. Voris Entertain.

One of the most delightful dances of this gay summer season was the "White German" given Thursday evening by Dr. and Mrs. J. Victor Voris at Wallace park. This unique and wholly enjoyable dance was given in honor of Miss Elsie Shelley and Miss Bertha Shelley, of Dallas, Texas, sisters of Mrs. Voris. Punch was served during the evening, the bowl being placed on a table banked with white asters.

The pretty figures of the cotillion were unusually effective with the girls gowned in white and the men uniformly in white trousers and dark coats.

Many guests were among those present. Mr. Louis Riecke, Jr., led the cotillion.

The Cooling Week.

Things seem to be very quiet in society for the coming week, nothing as yet being chronicled but Paducah promises to wear its gala day attire during the encampment in August, therefore the ball before another month of continuous social functions and outings. A number of house parties will be given while the brass buttons regalia and many homes will be open to out-of-town guests.

FATAL SHOOTING IN LIVINGSTON COUNTY

John Sharpe Shot By William Doyle Near Livingston Point.

The Men First Fell Out at a Barbecue They Attended a Short Time Ago.

SHOOTING IN THE ROADWAY

William Doyle, a farm hand, shot and probably fatally wounded John Sharpe, a farmer residing on Livingston's Point in Livingston county, this morning about 8:30 o'clock near the latter's home.

The shooting was the result of bad feeling which had been harbored by both persons. It is said, since a barbecue given some time ago, Doyle made his escape after the shooting and is still at large, but the officers are hot after him, and the county judge has offered a reward of \$50 for his capture.

As near as can be gotten at the facts of the case, Doyle and relatives of Sharpe had a misunderstanding at a barbecue and had not been on good terms since. Doyle originally came from the lower end of McCracken county but had been working for Sharpe until a few weeks ago when discharged.

This morning the two men met in the road near Sharpe's house and hot words were exchanged. Doyle is said to have pulled his pistol in the heat of the argument, and shot five times, one shot taking effect in the left side, and is said to be fatal.

The wounded man was carried to his home by persons attracted by the shooting, and physicians called. An operation will be necessary. It is said, to extract the bullet and will probably be performed if this proves to be the last chance to save his life. The police here were notified of the shooting and are on the lookout for Doyle.

Doyle is supposed to have come to Paducah. A man answering the description came down on the boat, and Capt. Young Taylor, who was returning from Smithland, noticed him. He boarded the boat near Leebetter landing, and when he arrived at Paducah got a shave and a drink, and disappeared.

He was red-headed, and was seen by a number of people at the hotel. A short time later Messrs. Tom Wilson and Prof. Canterbury arrived from Smithland, having been detailed as special deputy sheriffs to come to Paducah after Doyle. They made a search for him but could find no trace of him.

Daily Thought.

There is no free-trade measure which will ever lower the price of brains; there is no California of common sense.—Ruskin.

WHAT WILL THE STATE DO ABOUT IT?

Apparent graft in the official acts of one of the auditor's agents of Kentucky has been exposed.

Decency and good government demand a full investigation. Will the people of Kentucky get it?

If the investigation discloses graft, will the guilty be punished, or will the usual policy of the state administration be followed, and accepting some flimsy excuse or explanation, it proceed to forget all about it?

To cover up these sort of irregularities for the sake of politics, friendship, or other reason, simply encourages others to transgress the laws with the expectation of immunity—all of which is to the disgrace and detriment of the state and her people.

The Lexington Herald says along this line:

"The Herald is one of the few papers in the state which has protested against the notion of the auditor's agents in filing drag-net suits against individuals and corporations, and against the system of compromises which has been in vogue by which those who were sued, who had been evading the payment of their fair share of the taxes, were permitted to pay a small per cent. of what they owed and have a judgment entered which was a bar to further prosecution. It is a system which is not only apt, but which is certain to lead to abuses and which should be stopped. It should be stopped and the whole system of taxation in Kentucky should be revised, and we shall continue the agitation of the whole question of taxation till it is revised and the abuses which have grown up under the present system stopped."

The whole system should be investigated and the result of the investigation made public. And it should also be remembered that if the charges made are true the property owner who has evaded the payment of taxes by failing to give in his property for taxation, or by giving in a false statement, and who then, when sued for back taxes, attempts to still evade the payment of his just proportion of the burden of taxation by bribing a back tax collector or an auditor's agent is as guilty, or more guilty, than the back tax collector or auditor's agent. The property owner is guilty first in not giving in his property for taxation; guilty of either swearing to a false report or of failing to give in any

report, and then of bribing an officer to allow him to escape the payment of his share of the burdens of taxation. The officer accepting any payment for his personal benefit to permit a property owner to evade the payment of what he owes the state should be exposed and punished, as should also the property owner who attempts by such bribery to evade the payment of what he owes the state. Both should be exposed and punished; they are equally guilty and the interests of the state and justice to the honest taxpayers demand they be punished. * * * The state inspector and the auditor can do Kentucky no greater service nor win the respect of the state better than by making a searching investigation of the whole system of collecting taxes and exposing and punishing those who have been guilty of any improper or criminal actions."

Since the yellow fever scourge appeared in New Orleans nearly every city from Louisville to New Orleans has begun cleaning up—every city except Paducah. It is time some steps to improve sanitation were taken in Paducah. The president of the board of health says that if the city is not cleaned up there is grave danger of much illness, if not epidemic. Other doctors fear the same thing yet nothing is done. In places even as small as Mayfield, Hardwell and Fulton, general orders have been issued by the health boards to cut all weeds, clean premises, and do everything else that will conduce to better sanitation, so should there be an epidemic the people would better be able to cope with it. Our officials should awake. There is no use trying to delude the public with the statement that the city is in good sanitary condition. We know it isn't. Anyone can easily make a personal inspection of the gutters, streets and alleys and see that it isn't.

Blackburn is not getting much encouragement nowadays. The Owensboro Inquirer says: "The men who are for Joe Blackburn now are not the men who were for him a few years ago. The men who are pushing his candidacy for the senate, especially in Western Kentucky, would take his political life as quickly as a cat would catch a mouse if it were to their own advantage. When a man is supported by men who are not for him, but are merely against somebody else, he has an uphill fight, and ninety-nine times out of a hundred will lose it."

To look at that new block of street at the market place, with its various styles of curbing and great variety of elevations and depressions. It strikes one that the only adequate punishment for the man or men responsible for it, would be to sentence them to have to sit there and gaze on its manifold beauties for about six months—something near the time it took to build it.

Chicago is evidently realizing that it made a serious mistake in electing Mr. Dunne mayor. The chair is entirely too large for him. He made many promises, only to learn that he could keep none of them. He is a visionary crank much inflated with ideas of his own importance, and a more conservative man would be of vastly more benefit to the Windy City.

Up at Smithland they have penned up the pigs and are slaughtering the dogs, but no complaint is heard of the cows. Probably the people have sent them all to Paducah to graze on our streets.

NO LUNACY TRIAL FOR DR. G. W. BRIGGS

The Case Against Him at Memphis Was Dismissed.

Owensboro Paper Gives Some Tragic Events in the Life of This Brilliant But Unfortunate Man.

IS NOW ALMOST A WRECK

Rev. George Waverly Briggs, former pastor of the Broadway Methodist church here, will not be tried in Memphis for lunacy.

After an investigation it has been decided not to try him, which will be good news to his admirers in Paducah.

The Owensboro Messenger says of the case:

"Dr. Briggs was, until a few years ago, one of the most brilliant pulpit orators of the Southwest. He held several important appointments as a Methodist pastor in Baltimore, in Texas, at Owensboro, Paducah and Memphis. He stayed in Owensboro four years, during the late nineties, and afterward four years at Paducah. He had many warm admirers outside of his own devoted congregations. There was never any doubt that he was a sincere Christian gentleman, but in early life he seemed to have developed a passion, at times uncontrollable, for liquor and morphine.

"The Messenger knew of his weakness before he came to Owensboro, its reporters during his stay here frequently saw him, late at night, going muffled and with a slouch hat drawn down over his face, to the back door of saloons for whiskey. He could not enter the saloons, but knocking on a back door he would hand in his money and call for a bottle of whiskey. His favorite place of patronage was Pete Zinsz's place. He would approach it through the little alley at the side of the Rudd house. This was when the terrible craving for drink would overcome this brilliant man. But the Messenger's reporters were under instructions never to write or talk of this. Even the bartenders did not for a long time know the identity of the mysterious visitor, so well was he generally disguised.

"At times Mr. Briggs would go away on lecturing tours, and sometimes he would come home in bad condition. Once or twice officers of his church, learning that he was in a bad way, would go after him and bring him home. But all this was kept quiet, for nobody ever believed he was anything but a good man, notwithstanding his weakness.

"He never afterward had a charge. He made a scant living for awhile lecturing, but his dissipation grew notorious, and for two or three years has been an open scandal. He has grown steadily worse until now he is a mental as well as a physical wreck.

"Could there be a sadder story?"

SMALL DOCKET

IN JUDGE SANDERS' TRIBUNAL THIS FORENOON.

Report Received On the "Beer" Analysis, But the Case Went Over.

Police Judge D. L. Sanders held a short session of police court this morning with few cases of importance before him.

The case against Will Kirk and Will Diggs, colored, who are charged with selling intoxicating liquor on board a street car during a trolley ride given by colored people several weeks ago, was continued until Wednesday.

Detective Moore took two sample bottles to Dr. Richard Walker, the druggist, who sent them to Prof. G. L. Curry, a dean in the Louisville college of pharmacy and professor of chemistry in that institution, for analysis. The result is said to be stated in a letter from the chemist.

The analysis, it is alleged, showed the beverage to be 5.1 alcohol by volume, 4.32 per cent. by weight—an absolute alcohol 15 degrees proof at 1.8 internal revenue.

The above is the report verbatim of the chemist, and this is all necessary to convict the boys of selling intoxicating liquor without a license.

In regard to the beverage, however, similar liquor has been analyzed a number of times, and has been decided non-intoxicating by a number of courts, including federal courts. It is claimed that the government does not regard it as intoxicating.

Annie Wallace and Rosa Williams, colored, came to grief a week ago Thursday over the stringing of a clothes line. The two women live with yards adjoining and the latter had strung a clothes line across the former's porch. Several times this line was removed by the Wallace woman, but it was always put up again.

Finally firing of this the Wallace woman on finding the line up again, seized an axe and started to chop it in two. She was prevented by a male friend of the Williams woman, Judge Sanders, after hearing the evidence, decided that the Wallace woman had used very indecent language towards the Williams woman and fined her \$5 and costs.

Frank Hovekamp, John Garner, white, and Mose Hallowe, colored, who got into a fight near the Kentucky yesterday, were fined \$1 and costs each.

Other cases were: J. W. Sullivan, white, obtaining money by false pretenses, continued; Will McCalland, colored, carrying a concealed weapon, \$25 and costs and ten days in jail by confession. He is the negro boy charged with house-breaking and who tried to escape yesterday. Ernest Ozment, white, using insulting language, \$5 and costs; Sherman Mills, white, breach of the peace, \$5 and costs.

About \$2,000 Refunded.

Justice R. J. Harbour is today for the first time paying out money collected by the sheriff in excess of the proper amount of taxes. Either a number of tax payers do not yet know that they overpaid, or else they do not think the amount is worth coming to town after as many of them have not called to have the money refunded. About \$2,000 has been refunded by Justice Barber.

Minister's House Burglarized.

Mrs. W. W. Armstrong, wife of the pastor of the Trimble street Methodist church, returned from a visit to Harris, Tenn., yesterday afternoon to find that the house had been visited by thieves and nearly every article of clothing on the place, fully \$300 worth, had been stolen. Rev. Armstrong has been to Wingo, and during the absence of the family Mr. Roy Deaz, a cousin of Mrs. Armstrong, slept in the house. The thieves must have visited the place during the daytime and packed up everything at leisure and placed it where it could be carried away at night. Every wardrobe, drawer and trunk on the place had been ransacked but so far as known, nothing out clothing was stolen.

YOUNG LADIES HURT

MISSIE MAY AND SADIE GROUSE IN LIVERY RUNAWAY

Thrown Out at Sixth and Madison

and Miss May Grouse Has a Close Call.

Miss May Grouse was severely injured about the face, shoulders and hands and her sister, Miss Sadie Grouse, injured about the head in a runaway this morning at 6th and Madison streets.

The two young ladies reside about six miles out in the county on the St. John road, and had been to the city to visit relatives. They started about 11:30 o'clock from near Fourth and Madison streets and proceeded out Madison en route home. Near Sixth and Madison streets the lines got under the horse's tail and the animal began to jump, getting beyond control of the driver.

The maddened animal began running at a frightful pace and at 6th and Madison struck the pavement, overturned the buggy and threw the occupants out. The former was dragged a little distance but the latter escaped with a few bruises on her head.

Miss May Grouse was picked up and carried into the M. E. Sebree residence at Sixth and Madison. Drs. Vernon Blythe, Horace Rivers and H. H. Duly were summoned and pronounced the injuries painful but not necessarily serious. She remained there until she had sufficiently recovered from the shock to be taken home.

The horse kept running after overturning the buggy and dashed into the buggy of Mr. William Minnick but did little damage. The buggy broke loose and was left on North Sixth street half a square from the scene of the accident. It is badly damaged. The horse is said to have escaped without injury.

MARRIED WOMEN CANNOT TEACH

Is the Edict of Board of Education of Paducah.

Regular Meeting Held Last Night—Wrangle Arises Over McKinley Building.

Supt. Leib Takes Vacation

The board of education held its regular meeting last night instead of next Tuesday night, because Supt. C. M. Leib, of the schools, desired to leave on his vacation today. All the trustees were present except Farley, Troutman and Mattison.

Supt. Leib reported that his annual report, due in August, had not been quite completed, but that it would be soon, and he would have a copy made for each trustee. In order that the progress of the schools could be studied at their leisure.

Supt. Leib reported that the normal school was very successful, 32 attending it, and that the subsequent examinations showed that the teachers had improved.

In regard to the regular annual examination of teachers, announced to be on the fourth Thursday in August, Supt. Leib recommended that it be deferred until the fifth Thursday, because if held on the fourth it would require out-of-town teachers to come here two weeks before school at considerable expense.

His recommendation was concurred in, and the examination set for the fifth Thursday in August. The financial report of the board showed \$441.36 on hand July 1; received \$11,143 from the municipal taxes; received \$3,040.81 from the state fund; paid out \$6,148.46, which leaves a present balance of \$9,475.71.

Two hundred and forty-three dollars and thirty-four cents for July payroll was allowed, and \$1,887.44 worth of miscellaneous accounts. Miss Emma Morgan was allowed \$100 for helping teach the normal. Prof. W. H. Sugg was allowed the same and Miss Daisy Winfrey \$60, the latter being the music teacher of the schools.

Chairman Arch Sutherland, of the committee on course of study, reported that the list of books to be used this year shows but two changes—the eclectic primary history being substituted for the Kincaid history in the sixth grade, while Wentworth's Elementary Algebra is substituted for Milne's in the sixth grade.

There was a discussion over the adoption of the Eagle pencil, some of the trustees claiming that it was too large for the little children to handle, but it was finally adopted.

City Engineer Washington was instructed to make a survey and ascertain if a small house west of the Washington school on Broadway is not on school property.

Miss Margaret Kirk's resignation as a teacher in the public schools was read and the superintendent and committee were instructed to report the name of a successor.

A resolution was presented specifying that married white women be not employed as teachers in the public schools. Trustees Morrison, Davis and Bacon opposed it, but it was passed. This will mean the disqualification of Mrs. Hume Ogilvie, formerly Miss Clara Moore, who was recently married but did not resign her position in the schools. The boards of Paducah have never employed married women, although they have employed widows. The above resolution does not have reference to widows, the board now having several on its corps of teachers.

Trustee Morrison was instructed to again bring before the legislative boards of Paducah the claim of the board of education that it is entitled to a part of the back taxes collected by the city, and to a percentage of the fines and forfeitures in the police court.

Telephone company was seriously injured by sixty joists for the new McKinley school in Mechanicsburg. Trustee Davis, who is interested in the construction company that has the contract for putting up the building, claimed that after the lumber had been received and "worked up" Supt. of Buildings Fred Hoyer came along, claimed the wood was rotten, and ordered it torn down. The mill would not take the lumber back after it had been "worked" and he contended that the lumber should have been condemned before it was trimmed.

Supt. Hoyer said that the lumber was rotten and anyone could tell it,

and that he wasn't there when it was trimmed, but was there in time to keep it from being placed in the building. After a wrangle it was decided that the building committee and other trustees who desired, meet at 2 o'clock Monday afternoon and go up to take a look at the lumber themselves. Mr. Davis also claims that the roof cannot be placed on the building according to Supt. Hoyer's plans, and this will also be investigated.

The trustees ratified the action in awarding to Mr. Ed Hannan the contract for putting the plumbing and heating plant in the new McKinley building in Mechanicsburg at a cost of \$1994.

An account of \$27 for tuition was ordered presented to D. M. Street, who resided outside the city and sent his son to school.

Supt. Leib was granted a several weeks vacation which he will spend in Ozark Mountains.

Additional school rooms, wherever needed, it was decided, are to be equipped with the old desks the city has on hand.

The building committee was instructed to straighten out the matter of the old Mechanicsburg school never having been deeded to the board of education by the city. The board wants to sell the property to Mr. J. K. Boudurant and cannot get a deed to it.

The board then adjourned.

More Books Donated to Library.

President E. W. Hagby, of the Carnegie Library, has made up an alphabetical catalogue of the books in the library and has sent each member of the book committee a copy so that no duplicates may be ordered this time. Mrs. G. A. Langstaff this morning donated a set of Millman's "Gibbon's Roman Empire," "Hume's History of England," "Headley's Napoleon," and several other volumes. President Hagby has received several donations of late, as he requested those thinking of sending any books in, to do so at once so the committee would know what to order.

Left One Child on the Boat.

Considerable excitement was created today when a woman of South Third street, who had been visiting at Smithland, Ky., with her little boy and little girl, came off the John S. Hopkins and forgot the boy until she had almost reached Third and Kentucky street. She was in a hunk when she happened to remember that her two year old son was still on the boat, and stinking her head out she began to scream, and attracted a great deal of attention. She feared the boat had gone, but the hackman quickly drove back and found the boy safe and sound.

IN JANUARY

THE BIG WATERWAYS CONVENTION WILL BE HELD.

Conference Will Be at Washington and Be an Important Meeting of This Organization.

Baltimore, Md., July 29—A conference was held here between the officials of the National Rivers and Harbors congress and a committee appointed by the National Waterways convention, recently held in Cincinnati, regarding the advisability of calling a general convention of business men at Washington to urge upon congress the necessity of making adequate appropriations for the improvement of the large waterways of the country.

The only definite business transacted at the conference was the adoption of a resolution requesting the executive committee to call a meeting of the National Rivers and Harbors congress in the early part of 1906, to be held preferably in the city of Washington.

The Rivers and Harbors congress has held only one meeting. The congress is composed of the leading business organizations of the country. At the conference yesterday here the delegates from the middle west said that at the next meeting the membership would be increased to 200 or more.

THE BEST EVER.

Ben Boyd's Club Took Both Games Yesterday.

Ben Boyd's colored team, the Nationals, defeated the Chattanooga team in the double-header yesterday at league park, taking the first game by a score of 5 to 3, and the last by a score of 4 to 1.

The teams will play the last game of the series this afternoon. The Chattanooga team has secured only one game out of six.

KENTUCKY NEWSLETS

To Rebuild Station at Onee.
Louisville, Ky., July 29.—Work on the reconstruction of the Louisville and Nashville union station, at Tenth street and Broadway, upon the exact lines of the burned building, will be started on Monday morning, just two weeks after the fire. The contract was let to the Selden-Breck construction company of St. Louis and the cost of the work is estimated at \$200,000. It is expected that the new station will be ready for occupancy December 1.

Carl Jett's Uncle Dead.
Bristol, Tenn., July 29.—Stephen Jett, proprietor of Hotel Kentucky, at Elizabethton, Tenn., after having left an early call in order to go on a picnic excursion, was found dead in bed, heart failure is supposed to have been the cause of his death. Jett came to Tennessee from Breathitt county, Ky. He was an uncle of Curtis Jett, who received a life sentence in connection with the Breathitt county feud.

Owensboro After That College.
Owensboro, Ky., July 29.—The Homestead Land company, one of the biggest real estate concerns in Western Kentucky, has formally tendered to the board of education of the Methodist Episcopal church as a site for the proposed college a tract of land containing something over 50 acres. The land is located just west of Owensboro on the section known as Don Harlow Hills. It is on a plateau and overlooks the river. An electric line is in process of construction which will skirt the proposed site. The Business Men's Association has made no offer of a site and it is understood that whatever they decide to offer will be in the nature of improvements to the site offered by the land company, possibly as a part of

He was 84 years old. Mr. Torian was unmarried and lived at the time of his death with three maiden sisters. He was one of the old landmarks of this section of the county.

A Louisville Romance.
Louisville, Ky., July 29.—An unusually romantic marriage has just been revealed. On July 19, the Rev. John E. All, a Baptist minister of Allensville, S. C., and Miss May Lilienthal, one of the most beautiful young Jewesses of Louisville, were married by the Rev. Arch C. Cree of the Twenty-second and Walnut street Baptist church. The wedding was kept secret until the departure of the young couple for Asheville on their wedding trip. After visiting Mr. All's family, they will go to Savannah to live.

Mr. All has been attending the Southern Baptist Seminary here. While a student he met his bride, who is a most attractive young woman and belongs to one of the most prominent Jewish families here. Difference of religion proved no barrier to love. The families demurred, but are now perfectly reconciled.

Reason Dethroned.

Louisville, Ky., July 29.—Fearing that crops would be lost because there were not enough hands to gather them, Mrs. William Borman, living near Lebanon, Ky., went into the fields and worked as a farm hand. The hard work and hot weather combined to overthrow her reason, and she attempted suicide by throwing herself into Rolling Fork river. Fortunately, she was swept into the branch of a tree which was bending over the river, and, though unconscious when found, was rescued.

Mrs. August A. Pierce Dead.

Hopkinsville Ky., July 29.—Mrs. August A. Pierce died here at the home of her son-in-law, J. N. Peach. Heart trouble, from which she had been a sufferer for a number of years, caused her death. DEPUTY SAUNDERS

SPENDS AN UNUSUALLY BUSY WEEK IN HIS DISTRICT.

Makes a Number of Arrests and Serves a Number of Important Papers.

Deputy U. S. Marshal George W. Saunders, of Mayfield, this morning completed one of the busiest weeks since he went into office.

Monday morning he arrested Lena Mitchell, white, at Mayfield, and brought him to the city for trial for illicit whiskey selling. The examining trial was held Monday afternoon and the evidence was not strong enough to hold him, resulting in a dismissal.

Tuesday evening Marshal Saunders returned to Mayfield and on Wednesday morning went to Fulton and on the following morning arrested Elly Kennedy, white, and brought him to Paducah for trial. He was held over Thursday afternoon and on that night Marshal Saunders went to Hickman. Yesterday he arrested Murray Smith, colored, and brought him here this morning, arriving at 1:48 o'clock. Before ten o'clock the negro had been tried and held over for illicit whiskey selling under a \$300 bond which he failed to give.

Deputy Marshal Saunders thinks this is a very busy week—in fact one of the busiest he has had in many months, and he will return to Mayfield tonight to spend a quiet Sunday with his family.

Meigs reports reached the city this afternoon through private sources that No. 5, an Illinois Central fast train for New Orleans, was derailed and wrecked near Hoxie, Ark., and fourteen persons were killed, and many injured.

The train then caught fire and burned.

Van Huren, Ark., July 29.—A Little Rock-Kansas City train on the Iron Mountain road, was wrecked early this morning near Ozark. Every physician in Van Huren and Fort Smith has been sent to the scene. The number of dead is unknown, but is said to be heavy.

GREAT THINGS

Are Happening in Honor of the American Visitors.

Tokio, July 29.—Gen. Terauchi, Japanese minister of war entertained Secretary Taft and party yesterday at a luncheon and garden party in the famous gardens surrounding the arsenal. The cabinet, statesmen and many officers of the army and navy were present. The party numbered 250. Lunch was served in a temporary pavilion, which was almost covered with American and Japanese flags. Gen. Terauchi escorted Miss Alice Roosevelt and Mme. Terauchi was escorted by Secretary Taft. President Roosevelt was toasted by the general, who also led the cheering for him. When Minister Grieson proposed the health of the Emperor of Japan the Americans present arose and gave three huzzas and three American cheers.

Gen. Terauchi proposed the health of Secretary Taft and Miss Alice Roosevelt. Secretary Taft in toasting the Japanese army dwelt chiefly on its record in the Chinese war and boxer uprising, and on its organization and leadership. He did not refer to the present war.

Both Mr. Grieson and Secretary Taft thanked the Japanese for their kindness. The secretary eulogized Grieson's services as minister. Marquis Ito then chanted an original poem composed in honor of the visit of the Americans. After the luncheon an hour was spent in viewing the extensive gardens.
